MR. A. C. DUNN

Of this place, who is tipped for Door-keeper of the House. He is a splendid democrat and no man in the county is due more credit for Lincoln's going "right" on Nov 3rd than he is. He has good backing for the office he seeks and here's hoping he'll get there. In the Goebel campaign of 1899 Mr. Dunn rendered valued service to his party and county. He went through the mountains of Eastern Kentucky with Gov. Goebel on his speaking tour and had the martyred governor lived he would have given his loyal supporter and friend a good berth.

The Dead Sea.

Scientific observation justifies the estimate that a daily average of 6,500,000 tons of water is received into the Dead sea from the Jordan and other sources during the year. During the rainy season the amount is very much greater; during the dry season it is, of course, very much less; but this average will be maintained year after year. There is no outlet, and the level is kept down by evaporation only, which is very rapid because of the intense heat, the dry atmosphere and the dry winds which are constantly blowing down the gorges between the mountains. This evaporation causes a haze or mist to hang over the lake at all times, and when it is more rapid than usual heavy clouds form, and thunder storms sometimes rage with great violence in the pocket between the cliffs, even in the dry season. A flood of rain often falls upon the surface of the sea when the sun is shining, and the atmosphere is as dry as a bone half a mile from the shore. The mountains around the Dead sea are rarely seen with distinctness, because of this haze.

APPRECIATION.

I ask not for a kindly deed ye should
My name applaud,
Give me no formal thanks or flatteries
As a reward,
These cannot satisfy, when I have
Sought with sweet delight,
Through thy long absence, with a faithful heart,
To do just right!
When I have made thy wishes all my
own, And gently thought
That thou wouldst look approvingly on
what
My hands had wrought;
I ask that thou appreciate, and if
'Tis fairly won,
Grant me the blessing of a smile, and
say,
"It is well done!"
—Mary A. Short.

Not A Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c at all Druggists.

A Runaway Bicycle.

Terminated with an ugly cut on the leg of J. B. Orner, Franklin Grove, Ill. It developed a stubborn ulcer unyielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured. It's just as good for Burns, Scalds, Skin Eruptions and Piles, 25c at all Drug Stores.

BE FUNNY.

If your temper isn't funny
And your disposition punny,
If you can't be very funny,
Be as funny as you can.
Do not cry a wet day wetter,
Do not be a gloom begetter;
Try to make this old world better—
Be as funny as you can.
If your heart or tooth is aching,
If you are not much pleasure-taking
And you can't enjoy fun making,
Be as funny as you can.
For the world neglects its sages,
But for fun it gives good wages;
Get a clench upon the ages,
Be as funny as you can.
—Chicago Record-Herald.

It is well known that the Moors are inveterate coffee drinkers, especially the merchants, who sit in their bazars and drink coffee continually during the day. It has been noticed that invariably when these coffee drinkers reach the age of 40 or 45 their eyesight begins to fail, and by the time they get to be 50 years old they become blind. One is forcibly impressed by the number of blind men that are seen about the streets of the city of Fez, the capital of Morocco. It is invariably attributed to the excessive use of coffee, and the opinion has been confirmed by European physicians living there—Washington Star.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg, of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by all druggists. Price 50c, and \$1. Trial bottles free.

Mr. Tightfast—And so you are the noble fellow who rescued my wife from in front of the trolley car at the risk of your life? Take this quarter, my heroic man, as an expression of our undying regard.

CLIMATIC CURES.—The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer clime, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles 25c; regular size 75c. At all druggists.

Duncan Jones, master mechanic of the old cog road to the summit of Pike's Peak, proposes to make it an automobile road. The auto world will undoubtedly watch the experiment with great interest.

LANCASTER.

The ladies of the W. C. T. U. will give a "candy pulling" at the "Rest Room" Saturday afternoon at 3 o'clock. All are cordially invited to attend and assist in this worthy work.

We are glad to hear that Mr. and Mrs. Ike Dunn, of Lower Garrard, will probably come to our town to reside. They will make delightful additions socially and every other way to Lancaster.

The Lancaster High School foot ball team went over to Nicholasville to play the Threlkeld Select School. Lancaster was defeated, but defeat coupled with courteous treatment is not so bad after all.

The county school contest will be held here Friday night at the court house. Ten young ladies will contend for the honor, and music and singing will make an interesting program. Miss Amanda Anderson has this contest in charge and assures the public of a pleasant evening.

The demand for land goes on apace. There is not a day that there is not an exchange of town property for farms or some stranger looking for good land and willing to pay good prices. The price per acre has never been better and this shows that Old Garrard is a good place to come to.

Rev. Wm. Barton, of Chicago, a well-known writer and Congregationalist, addressed the pupils of the Graded School here. There is never a person of note in town who is not invited by Prof. Mannix to speak to his pupils, and these advantages, if correctly used, will be of lasting good to those who hear.

At a meeting of the defeated republican nominees of Louisville, with some of the republican leaders at the Galt House, it was decided to make a contest if the voters would raise \$10,000 with which to foot the bills. The whole business is the rankest kind of a bluff and its dollars to doughnuts that the meeting mentioned above will be the last and only one ever held.

THE Lexington Leader shows its lack of decency, to say nothing about sympathy, in its competitor's troubles. In fact it seems to have been as much delighted over the assault on Mr. W. P. Walton by a Lexington hoodlum as it was over Gov. Goebel's assassination. To haddes with such a publication and its force from editor to devil.

THE next Kentucky Legislature will have a democratic majority of 76 on joint ballot. In the last Assembly the democratic majority was 60. The next Senate will have a membership made up of 31 democrats and seven republicans, and the House will have 76 democrats and 24 republicans.

The Powers platform so generously circulated by the republican party in this section (that one with the scaffold, rope and broken column) seems to meet the approval of a large majority of the people of Kentucky.—Mountain Democrat.

With only six unreported precincts Gov. Beckham's plurality over Belknap stands at 27,552. The missing precincts are all in Bell county. The figures are not the official count in all cases. The total vote for governor has reached 420,704.

A GOOD WOMAN GONE.—The funeral of Mrs. Eliza Beasley, brief mention of whose death was made Thursday, will take place tomorrow at 9 A. M. at the family home on Sutton street, Rev. F. W. Harrop officiating. Interment in the Maysville cemetery. Mrs. Beasley's maiden name was Fleming, and she was a native of Fleming county. Her mother's name was Maddox.

While a native of Fleming county, she had been a resident of Maysville for 64 years. Her husband, Morgan Beasley, died 45 years ago. Surviving are two children—Miss Nannie, of this city, and Mr. Ezekiel Beasley, of Stanford, the well-known postal clerk. Mrs. Beasley had long been a faithful member of the M. E. church, and was one of Maysville's true and devout christians.—Maysville Bulletin.

A WOMAN'S COMPLEXION.—It is rank foolishness to attempt to remove sallowness or greyness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottle, 25 cents; regular size, 75 cents. At all druggists.

"UNCLE ASHLEY" OWENS.

EAST BERNSTADT, Nov. 12.—I have been conducting a meeting at this place for eight days and was called last Monday afternoon to Livingston to preach the funeral of our old friend and brother, Ashley Owens.

Father Owens was one of our best citizens. He was 84 years old, and was born and lived almost all his life in Rockcastle county. He was elected jailer of his county in 1860 and served as such for eight years. He served his people as magistrate for four years, his town as police judge for six years and when he was a peace officer he was so faithful in the discharge of his official duties that he gained for himself name and fame that was a terror to the lawless. He never failed to get the criminal when he went after him.

He was a great friend to the Louisville & Nashville and did much valuable service for them, and several years ago that company gave him and his wife a free ticket to St. Louis and back. He did much service for Uncle Sam and for 20 years he assisted in hunting down moonshine distilleries in Eastern Kentucky. He was a good friend of the Christian church. He never voted anything but the democratic ticket. He belonged to the Masonic fraternity and quite a number of his Masonic brethren attended his funeral. We know that his dear heart broken wife has the strong arm of a brotherhood, 17,000 strong in Kentucky that will be ready to render her any assistance she may desire.

Bro. Owens was an elder in the Christian church but he felt he had a warm and true friend in the writer and this accounts for him calling upon me to preach his funeral. I paid him a visit last Spring and he then told me he could not possibly remain in this world long and asked me to promise him, if it should be God's will, to preach his funeral when he died.

And about 24 hours before he breathed his last he called his children and friends to his side and said to them, "I am ready and willing to go; meet me in heaven. Let all my friends that look down into my casket and see my face for the last time say that Uncle Ashley Owens has gone to heaven."

We can now truthfully say that our county has lost a good citizen, Livingston one of its best friends, the church one of its most efficient workers, the six children that are left behind a good father and his widowed wife a good and kind husband. A. J. PIKE.

GERMAN SYRUP.—We want to impress on our readers that Boschee's German Syrup is positively the only preparation on the market to-day that does relieve and cure consumption. It contains the specific, such as pure tar, extracts of gums, etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the spasm of dry and racking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc. German Syrup will give free and easy expectation in the morning with speedy and permanent relief. Small bottles, 25 cents; regular size, containing nearly four times as much, 75 cents. At all druggists.

New York City will attempt to induce Uncle Sam to pay it \$1,000,000 alleged to be due on a war claim.

CONTENTMENT

Is a foe to progress. It is said, though I don't allow it to interfere with great effort. I know my customers are well satisfied with the

GROCERIES!

They obtain, yet I am constantly striving to improve the quality of the goods or in some other way to better my store or my methods. I come close to perfection with J. E. M. flour and full line of Diamond Coffee. There is nothing like them sold here; in fact from crackers to all canned goods everything has decided merit.

Invest In Paint.

Paint on your buildings adds 10 per cent. to your property's selling value. Interior painting gives an air of prosperity and comfort. Good paint is always worth more than its cost, and the best paints these days go farther and last longer than ever before.

Mastic Mixed Paint

Is the paint to use. In applying it you will learn that it covers more surface than other paints, but you must wait about five years to fully appreciate its QUALITY.
